WARRANTY

The following warranty applies solely in the country where this product was initially sold by a retailer to a customer.

1. The warranty covers all manufacturing and material defects, existing and appearing, at the date of purchase or appearing within a term of two (2) years from the date of purchase from the retailer who initially sold the product to a consumer (manufacturer's warranty). Please check the product with respect to completeness and manufacturing or material defects immediately at the date of purchase or immediately after receipt. Please always keep your dated proof of purchase.
2. In case of a defect, stop using the product immediately. To obtain the warranty please take or ship the product to the original retailer, who initially sold this product to you in a clean and complete condition and submit an original proof of purchase (sales receipt or invoice). Please do not take or ship the product to the manufacturer directly.
3. This warranty does not cover any damages which result from misuse, environmental influence (water, fire, accidents etc.), normal wear and tear or failure to comply with the instructions provided in this user manual. The warranty does not apply if modifications and services were performed by unauthorized persons or if non-original components and accessories were used.
4. This warranty does not affect any statutory consumer rights, including claims in tort and claims with respect to a breach of contract, which the buyer may have against the seller or the manufacturer of the product. The warranty is not transferable to anyone who obtains possession or ownership other than the original purchaser.

MAINTENANCE

- Your Diono Traverze requires regular inspection and maintenance.
- Regularly inspect the locking devices, parking devices, harness assembly, seat unit and all fittings to ensure they are secure and in full working order.
- Should any part of your Diono Traverze become stiff or difficult to operate, first ensure that dirt is not the cause. Then try a light application of a sprayable lubricant e.g. Silicone spray, ensuring that the lubricant penetrates between the components, but take care as excessive application may encourage the accumulation of dirt. Regular light lubrication of moving parts will extend the life of your pushchair and make opening and folding easier.
- Do not leave the Diono Traverze in sunlight for prolonged periods as the color of some fabrics may fade.
- Store the pushchair in a dry, well ventilated and safe place.

CARE

- Your Diono Traverze hood, seat, seat pads and safety harness can be spot cleaned by sponging lightly with warm water and a mild detergent.
- Plastic and metal parts of the pushchair may be sponged clean with warm water and a mild detergent before drying with a soft, lint free absorbent cloth.
- Never clean with abrasives, ammonia or bleach based and spirit-type cleaners.
- Allow all parts to dry thoroughly before storing.
- After exposure to wet or damp conditions, leave the pushchair fully opened in a warm, well ventilated environment. Dry it with a soft, lint free and absorbent cloth.
- Residual moisture, if left unattended, will encourage mildew or rust to form, damaging the pushchair.
